### For Immediate Release

#### **Backlit Pillow Speakers Available from Crest Healthcare**

**DASSEL, Minn.**, June 12, 2019— Crest Healthcare is proud to announce the availability of Backlit Elite Pillow Speakers for Rauland® Responder® 5 and Hill-Rom® NaviCare® nurse call systems. Crest also manufactures the Backlit Pillow Speaker exclusively for the West-Com Novus® Connect nurse call system. The backlit pillow speakers are built on the same solid platform as the popular Crest Elite Pillow Speakers.

Designed to enhance the patient experience, Backlit Pillow Speakers feature keypad buttons that light up for visibility in areas with little or no lighting. Nurse call related buttons will remain gently illuminated for patient reassurance while plugged into a nurse call station. TV related buttons on the pillow speakers for Responder 5 and NaviCare systems illuminate once a button is pressed and remain lit for 10 seconds.

Crest continues to design and manufacture the latest in cost effective bedside entertainment and communication technology to meet patient and facility needs as well as the requirements of nurse call and emergency call systems. To learn more about the Backlit Elite Pillow Speakers or how to obtain a no-obligation sample, contact Crest Healthcare Supply at 1-800-328-8908 or visit [www.cresthealthcare.com](http://www.cresthealthcare.com).
